

5/17/11

Dear Business Partner,

In the restaurant industry, we strive to ensure guests receive service which is unparalleled and exceeds their expectations. As clients of DTT for many years, their customer service never ceases to go above and beyond. Our DTT Representative, Hetal Patel, is always available to ensure our needs are met. Matched with DTT's advanced surveillance solutions, from the DVR video recording to the POS interface integration; we are able to measure our employees performance at all times. DTT Smart Audits have become an invaluable tool as our company continues to grow. These reports are flexible and can be tailored to the needs of the store location. The Smart Audits provide guidance in the areas of loss prevention, operations, and training.

DTT is a company we plan to grow with in the future because they deliver outstanding service while understanding the nature of our business. They have allowed our company to return the focus on business development and improve the customer experience.

Regards,

Justin Triplett  
VP of Finance & Logistics
