Re: DTT Surveillance

To Whom It May Concern:

I just wanted to take this time to let you know how wonderful the surveillance has worked for our store. Our food cost has dropped and job performances have improved. The security system you provided for us has paid for itself in such a short time.

Your team was very professional and efficient with the installation, and we couldn't be more pleased with it. Any questions were quickly answered and the support was wonderful. DTT was able to talk us through any questions about going through time frames, making a copy to hard disc, and anything that came up. They were very fast in response, it didn't take days to contact us like others.

We are opening other stores and DTT will be in every store we open. I feel very confident with DTT and they have done a wonderful job, I look forward to doing more business with them in the future.

Sincerely yours,
