Attn: Nevil Desai,

I found the process of acquiring the DTT system very easy and professional. The sales staff was very well trained and knowledgeable. I haven't had the system installed yet, but I have the system in my other store and I couldn't live without it. I use it everyday remotely at another business I have and at home. It is a great tool, one that is necessary to be in the food industry in this day and age.

Thank you so much.
