To,

DTT Surveillance

Atten Nevil Desai.

This letter is to tell you that I made a very wise decision to switch from Tayama security system to DTT. I am very satisfied with the product and its Features and POS interface being extremely usefull.

The process of ordering and your suggestion and advice did make my procurement easier. The installation crew were very helpful. The after support is not immediately available when I call but promptly return my call and have resolved my concerns To great satisfaction.

I would defiantly get DTT from Nevil for my next store as well recommend it to my friends

Thank you,

Sincerely,

Kurnesh Amin
