Sandra Martinez  
National Subway Manager  
DTT Surveillance

Re: DTT Service

Dear Sandra;

Thank you and your staff for the positive experience we have had with DTT over the past year. As you know, we added SmartAudit to all of our stores and have been delighted with the results. Food costs have decreased at all locations and we are having fewer issues with the staff not following Subway procedures on a consistent basis.

SmartAudit and DTT security monitoring have proven to be valuable services in the overall operations of our Subways. Thanks again.

Sincerely,

Lora D'Souza  
President
