Nevil Desai

DTT Surveillance

I would like to thank DTT for its continued support as our surveillance vendor. We operate 19 Subway Restaurants in central Texas. Having the ability to view operations remotely is a very valuable tool for our management staff, and the POS interface is a must for any operation.

Our sales representative Nevil Desai has been outstanding to work with. All of our questions have been quickly answered. Ordering was as simple as choosing how many cameras we wanted. Installations were handled professionally, and the support from the Tech Dept is terrific. Any time we had a problem with a system DTT staff was ready to help and solved the problem quickly.

Thank you Nevil and all the staff at DTT for helping us do our jobs better!
