

To Whom It May Concern:

Paul Hunter has been a great representative of your company. He has been extremely helpful and useful in implementing your system into our Subway stores. I have always been able to rely on him to help whenever there was a problem and he has mediated several technical issues for us. You should be thankful that he works for your company and represents you so well. I hope you value his employment as much as my company values his service. If you have any questions for me, please do not hesitate to call me at 813-727-9750.

Sincerely,

James F. Hampton
