

Paul,

I would like to thank you very much for the support you have provided for my subway store #7460. I am often not satisfied with the real time help offered through tech support. I have known throughout the year that when I have problems with tech support or have a problem happening during night or weekend hours that you are available to call anytime as demonstrated by my last issue with Verizon\reconfiguration. It was late Friday and u directly worked on my situation getting a resolution.

Thank You and I look forward to working with you in 2010

Best
