

Hi Paul,

Thanks for attending our yearly franchisee meeting. Having you there was of great value, and gave our owners an understanding of how important the DTT system is to their safety and profitability. I am hoping that after your presentation, and the one on one time you spent with my owners they will see the benefit of installing DTT.

I also love the SmartAUDIT manager. I am sure as more stores start using it; additional stores will come on board.

Again, thanks for all your support and your personal attention to my franchisees. Have a great holiday and Happy New Year!

Sincerely,

Steve
